“ I always waited for Bob in the morning to talk and drink coffee in the maintenance office. We would share lots of laughs and some great info came up. Once we told Bob that it was going to be hot that day and his office AC wasn't going to work because of the heat. His reply was then he would come back to Gary's office and work from there. Also when one of the 100 year floods came Bob showed us pictures of his basement. The rain had filled the basement and he was concerned that his electricity should be turned off. Well Bob dove in but thought twice about water and electricity. So many stories to share. Bob you were the best and I will miss you. RIP. Rich Michiels

“ Oh Wags, I don't know if anyone will even see this or not. I don't know why your name came to mind, but it did and so I looked you up. I'm so very sorry you passed and I never knew it. You were a very special person and I loved you dearly. John did too. You and he are probably up there now bs'ing like you always did in the shipping office at Halo. I miss you and think of you every so often. Rest In Peace my friend.
